

Brady Amundson, CJ Plantemoli,  
and Sam Richard

# The Problem

Challenges in class  
group formation

Creating groups is  
time-consuming and  
frustrating

Poorly chosen groups  
creates friction and  
limits productivity

The perfect group  
formation tool has  
yet to exist...

# 4 Easy Steps

1

Create  
Account

2

Professor  
creates  
Classroom

3

Students  
create  
profiles &  
join

4

Intelligent  
Group™  
Formation

# Gruuper values personalization.

Students construct a profile specifically catered to them.

**UNDER CONSTRUCTION!**

# Gruuper uses *Machine Learning* to make the best groups possible.

It's far too common for class groups to run into a variety of different problems. With ML, we can help with that.

**UNDER CONSTRUCTION!**

# With Gruuper, student matchmaking is a breeze.
